Comments:	While i was driving on Spine Road Strandfontein, i have spotted 2 Pitbulls that were running on the busy road, they were causing traffic jam. I have stopped and loaded into the bakkie, while i was busy with the dogs, a woman who Introduced herself as Julia Koeberg arrived, she was driving with another woman. They told ne that, they are the catetakers of the dogs. They told that, the dogs managed to escape by the gate, i told thay they will have to go to SPCA to the dogs. On my arrival at the SPCA the owners were already there to claim the dog, i have handed the dogs over to Keagan. NFA
