Comments: NEW COMPLAINT RECEIVED FROM INSP228383

NATURE OF NEW COMPLAINT:
PLEASE INSPECT - I would like to report the above-mentioned farm that has a number of various animals on it, from Geese to chickens, Goats, Donkeys, dogs, and Pigs. I drive past the property daily and am absolutely appalled at the living conditions that these poor animals are subjected to. There is no water, and they eat rubbish, plastic bags, vrot food of some kind that is covered in flies and black faeces, etc. There are no shelters for many of the animals, and if there are, they are makeshift hovels with no shade, food or water. I also know that they illegally slaughter some of the animals, and I can assure you, not in a humane manner, as I have seen on many occasions, people walking out with packets dripping with blood.
PLEASE PLEASE PLEASE PLEASE PLEASE, can you send someone out to help these poor animals? I highly doubt that the owner who doesn't reside there will allow access to the property, so I would highly recommend you take law enforcement with you. I am an avid animal lover and advocate, but honestly, these animals would be better off being euthanised. This is one of many complaints about this property, and nothing has been done. Please can you let me know once you have been to the site and what the course of action will be, please.
