Comments: There is no way to enter this property as its a gated complex and no bell or security at the gate to ask for access. I have tried multiple times to contact the complainant as well as sending an SMS requesting he contact me directly to assist with gaining access to the property, whereby there has been no answer. Seeing as the complaint makes no mention of any direct welfare concerns as well, I feel like there is no evidence to corroborate trying to get a warrant for access or to push further to gain entry without the complainants assistance. Therefore this case can be closed, and should the complainant contact us we can reopen when we are able to gain access. NFA
