Type:	CASE DISCUSSION NOTE
Follow-Up Date:	2026-03-19
Comments:	I have called the complainants and explained everything to them regarding evidence and what we recieved. They understood in the end. I suggest we go back to respondent and issue a warning as he did admit it was a member of the family that hit the dog on the head. The name and surname of the person that hit the dog on the head should be fine on the warning.
