Comments:	Claire- 0828960148 has called in again for the millionth time regarding this property- she demanded the inspector to come back as the owners were at the proeprty when the inspector was there but hid in the house- she says the inspector issued a final warning so why is the dogs still there, i explained to her that taking someone elses property is theft and that this requires legal routes- she then interrupted me by saying this case ahs been coming n since the begging of april and nothing is being done about the dogs being chained and now the viedo she sent this mornng that was already sent to the inspector she says the dog is on a 30cm chain and this is not on as she has the whole communtiy on her neck about these dogs- i explained that the inspector did not upload his report as yet and i do not know what what transpired on the case and that i will speak to the inspector about going back but his got other emergencies to attend to aswell as this is not the only case he as to deal with.
