Good day SPCA

I am Yolanda Hamman from the Animal Rescue Organisation PetPals. We are situated in the Strand, Helderberg.

I previously reported the living conditions of the white/brown Pitbull, Meisiekind. (See Ref no INSP227029)

The matter at the time was investigated and finalised.

While recently in Tyesi street, Allan Boesak Village, Strand, a concerned member of the community approached us about the poor living conditions of Meisiekind and her concern about 2 puppies on the same property.

I visited the property to enquire about the allegations. Unfortunately no one was at home. I did not want to go onto the property without permission and observed what I could from the front section of the home.

I noticed that Meisiekind was on a short rope with no water in sight. I saw a black puppy tied up at the back of the alley. Apparently there are two puppies.

Could an inspector please inspect the property and the living conditions of Meisiekind and the puppies. I doubt if the puppies have the required necessities.

We have on many occasions offered the owners our assistance and guidance. Unfortunately not much has changed, they ignore us and do as they please.

See the recent pictures of Meisiekind and the tied up black puppy at the back of the alley. The pictures of the puppy is of him/her standing close to the wendy house in the back of the alley near to the tyre.

The owner is: Jacqueline Perring
Address: 20 Tyesi street, Allan Boesak Village, Rusthof, Strand

Kind regards
Yolanda
