Comments:	We reaceived a new complaint for this face. We will have to go out again and reassess the situation the dog is living in. The case was also discussed with the Chief and he agrees. The inspector needs to ask the owner what he does to stimulate the dog as the footage received shows the dog quite stressed and not doing well. The dog is constantly pacing up and down so the owner needs to improve this. He needs to provide some form of enrichment for the dog to keep him busy. We also need to follow-up on the sterilisation of the dog.
