Hi good day

I would like to know is this case still a ongoing investigation? They are still not feeding those dogs everyday. The other dog is also thin under that matted hair. Its like they just dont care at all and that they are untouchable. If you can please let me know.

Thank you for what you are doing to help all these poor animals.

Thank you
Martinette

Hi good day

Is there any feedback regarding this dog have they been to the house? These poor dog is in such bad shape. They dont feed these dogs at all. With that bone body not even a bed to sleep on. Its just watch dogs. She is such a rude person please help them. Cause education to stupidity which is general knowledge. And its so difficult for me to turn a blind eye.

They have such a history treating their dogs poorly. I still wonder what happend to the brown dog they had after beating her so bad with a broom stick for fighting with the fluffy dog . The dog laid under the tree for 2 days and after that the dog was gone.

Kind regards
M de villiers
