| Follow-Up Date: | 2026-07-13                                                                                                                                                                                                                                                                                                                                                             |
| Comments:       | I have came accross the Euthansia section on the NSPCA manual and there is a setion where it is stated that the use of CO2 and Ether is no longer acceptable, but the information that is on the public domain states that it is lawful to use CO2. I discussed with Insp. Rudi and is going to make contact with NSPCA for an advice on how to deal with this matter. |
