Post Mortem report**History:**

The patient was presented to the clinic with a history of lethargy and vomiting. According to the owner, the patient had recently been involved in a dog fight and was subsequently beaten by members of the community. Abdominal ultrasounds showed free fluid in the abdome, blood was aspirated. O opted for euthanasia.

Post-Mortem Findings:

- Severe hemoabdomen with a large volume of free blood present within the abdominal cavity.
- Rupture of the right medial liver lobe.
- Severe contusion (bruising) of the right kidney.
