Comments: Good Day Guys

I am still worried about this dog, no Kennel, but when she sees us, she mentions over the wall the dog has a big kennel. Noide. Kennel, it is freezing outside. Please pay her an unexpected visit again.

Also note, on your last visit, she phoned Brackenfell SAPS on me, they were here, speaking to me that I must take care of my own life, I am harassing her, her family and her children's life.

SAPS said I must leave her alone. She is raising a baby, you know what I don't care, what about the dog.

She is telling so many lies, you wont believe it.
