Follow-Up Date:	2026-08-07
Comments:	Beverley called for feedback on the AACL Visit. She insists that Bamanye told her he will be going to AACL to follow up on this dog. I gave her Feedback on 06 Aug 2026 Inspection where the Injspector could not gain access to the property. A follow up was scheduled for today. I asked the lady if she could call in next week again for feedback
