Comments:	Thank you Tamryn. I didn't receive anything via SMS so perhaps just send via email is fine, much appreciated. I hope so much it is the home of little Leas and the other dogs. I dread seek her again dodging the high traffic on the weekends as it has happened too much. They boys don't care for her and can't provide for her. If I see her, I will bring her to SPCA as the law enforcement never came ovet the weekend despite trying with them twice. I waited 5 hours near by and called over and over again. This time I will just pick her up and bring her across as she will soon be hit by a car and cannot live without water and food all day long in the heat when they beg.
