What are you reporting?
Neglect

Further information

I live in a Complex of double-storied houses inn Hout Bay.

Recently a couple moved in to a rented home next to my home.

All the homes have gardens (some with pools)

The neighbours have brought with them 2 puppy poodles and keep them locked on an upstairs balcony day and night, often without water and food and in cold of Winter and now in hot days the same. On balcony Day & night - never out!!

They also do not clean up the excrement (doggies poo) and only after 3 weeks we asked them to do so and they did.

However, this last week the poops have not been cleaned up and the dogs are locked on the balcony while owners of the dogs are home or not.

I am a next door neighbour and standing on my balcony I witness this sad situation every day and night.

Another of our neighbours who witnessed this situation chatted to them and asked if they want to give the dogs up - the reply was "not after spending so much money to buy them"!!!

Asked why they keep them locked up - because when they moved in one of the puppies fell in their swimming pool and nearly drowned and that is why they don't allow the doge into the Garden.

The owners do go into the garden and we suggested they take the dogs out when they do this, but it does not happen!!

This is very cruel and not the way to treat two beautiful dogs.
