Comments:	Arrived at location, finder showed me where the dog is. Its been runing around the area, factory area. The finder says that the dog was very skittish, but got use to her when she gave it food and water. When tryd to catch dog, she ran away i tryd to follow her but lost her as their is a large open field. Finder will try to lure the dog in with food and try to confine it at the work place, then give us a call.
