Comments:	INSPECTION REPORT The correct address is number three Hawkins Avenue, Epping. The owner of the dogs is Gift Wilson. He told me that there are five adult dogs on the property, and 13 puppies. All the animals had access to shelter. The living area was clean, and all the dogs appear to be in fair condition. Bigger dogs are kept in what looks like Security cages during the day. They all let out at night. Gift lives on the property. At the time of my inspection, none of the dogs had access to water, and I requested that he give all of them water immediately, which she did. I informed him that we had received a complaint about someone beating the dogs, and explained to him that this is against the law. And that whoever is beating the dogs should stop immediately. He said he would do so. Warning issued for the dogs to have water at all times, and should we receive any further evidence or proof that the dogs are being beaten, further action will be taken. He understood and signed the warning.
