Inspector:	ELANI STEENKAMP

Type:	CALL RECORD - MADE
Follow-Up Date:	2026-08-15
Comments:	Moyo and I discussed the matter and I told him what I found. We called the complainant together and he explained that the place is open on Saturdays between 10h00 and 13h00. I therefore just missed it. He explained that people come there to biy food and buy birds between those times. Moyo and I agreed to go back on Saturday and investigate again. If I see any illegal birds, then I should contact cape nature and refer the matter to them for investigation. The informant also said a large new consignment arrived Saturday with lots of new birds. To follow up on Saturday between those times
