Postal Code:	7490

Inspector:	MAGDALENE MARSHALL

Type:	CASE DISCUSSION NOTE
Follow-Up Date:	2026-08-08
Comments:	Weekend inspector to handle and get assistance from either SAPS or LE.
	Inspector Rodney was not able to locate the sheep at the location provided. The reason for the LE assistance is that the inspector was warned by one of the ladies/aunties to be vigilant because of the cellphone robberies in the location, alos not that it is an informal settlement.
