There's a dog in my neighborhood. His owner left it neglected for some days. This dog doesn't eat for some day. It is isolated, and the owner doesn't take responsibility to give it food. He can even go for 5 days and leave the dog without any food.

Does the dog have water and shelter? is the dog tired up?

It has a shelter but no water

Is the owner currently at home?

I'm not sure it's only tenants who used to give water to the dog the owner doesn't care about the dog
