Subject: Removal of sickly dogs on TRA6 Delft South Informal settlement

Good day,

I trust you are well.

I am the Site Manager at TRA6, Delft South, an informal settlement situated off Sandalhout Way, Delft South.

We are currently experiencing an issue with several stray dogs within the settlement that appear to be very sickly. These dogs are roaming freely within the area and are becoming a potential safety risk to the children and residents living at the TRA.

We would like to enquire about the possibility of having these dogs safely removed from the area . Kindly advise what the required process or procedure is for reporting and arranging the removal of stray or potentially dangerous animals.

Your assistance in this matter would be greatly appreciated as it concerns the health and safety of the residents.

Kindly let us know how to proceed.

Yours sincerely,
Erica Adonis
