Good morning Erica,

As discussed telephonically, the Inspector will meet with you on Friday, 14 August, to conduct an assessment of the area and gather all the relevant information required for the outreach to take place.

We are also happy to assist by providing pamphlets that you can distribute amongst the community . Once I have received all the necessary information, I will work on arranging a suitable date for the outreach, which will take place during September.

I will furnish you with the proposed dates after the Inspector's assessment and our subsequent discussion.

Thank you for your assistance, and I look forward to working with you on this initiative.

Kind regards,
