Comments:	The complainant stated that he took the initiative to remove the puppy from the situation and surrendered it to the SPCA for its safety and wellbeing . The children are reportedly under the care of their uncle, as their mother works daily and is often not present at the property. Dogs remaining on the property: 1 x Male Pit Bull (black and white) kept in the front area of the property. 1 x Female Rottweiler (black and brown) kept in the front area of the property. 1 x Male German Shepherd Dog (GSD) (black and brown). 1 x Female mixed-breed dog (brown). A total of four adult dogs remain on the property and should be assessed during the welfare inspection . Particular attention should be paid to the supervision of the animals and the potential risk of further abuse within the household.
