Good Day.

I have two kittens here which I cannot care for. I tried finding homes for them but no one is interested in them.

I kindly ask if possible if the SPCA can come and collect them

We never turn any animal away which means we often face capacity constraints . As a charity, we also have limited resources with which to care for a very high volume of admissions. We cannot guarantee that your pet will be rehomed. Do you accept this?

Good Day.
I have two kittens here which I cannot care for. I tried finding homes for them but no one is interested in them. I cannot care for them as the expense will be too much for me as I already have two cats of my own.

I kindly ask if possible if the SPCA can come and collect them

The SPCA rehomes responsibly, and for that reason cannot rehome aggressive animals or animals with serious health issues. Humane euthanasia may be considered following veterinary or behavioural assessment. Do you accept this?

The shelter environment can be stressful for some pets who are used to living in a home. If your pet is unable to cope, humane euthanasia may be recommended by a qualified veterinarian or animal behaviourist. Do you accept this?

Thank you for confirming.

We can collect the cats, but we are fully booked with collections for the next 2 weeks and due to us being skeletal staff, we are prioritizing emergencies during this time.

we have availability to collect both cats in the first week of the new month, you would just need to confirm which day tuesday to friday you or someone would be home
