Comments:	I called Blue cross Vet via telviva at 14h00 and spoke to Jenny (receptionist) who informed me there is no horse that came in with a injury to the hind leg area. Jenny advised to call back in a half hour just in case the owners are still on there way. I called back at 14h30 and was informed they have not seen a horse with a hind leg injury, Jenny further advised to call Dr Trichardt direct which i did via telviva and he also informed me he has not seen the horse in question. A warrant is to be obtained as the owner has not provided any veterinary treatment, inspector Noko to execute
