Comments:

Hi, Rudi

Thank you. I will provide her with feedback as soon as we know whether we can accommodate her. However, if she intends to take full ownership of the animals, it wouldn't be advisable for her to surrender some cats while keeping the ones we assist with sterilisation. In the meantime, I will await feedback from Mags.

Regards,
Peace

Subject: Re: CoGH SPCA: Sterilisation on abandoned cats.

Hi Peace

As per the last email feedback, I think our situation might have changed, but @Magdalene Marshall - Cape of Good Hope SPCA will have to decide if Natasha can assist with this.

Kind regards

Good day.

This is my third email send and I haven't heard anything from the relevant department.

I hope it exists!.

Awaiting your reply.

Thanking you in advance.

Good day,

I received your feedback on the 18th of August and would like to follow up to see if there has been any progress regarding the email I sent on the 18th of August requesting assistance with the seven abandoned cats that I am currently feeding.

As I mentioned in my previous email, it is currently mating season, and I am very concerned that the

cats may continue to multiply. These poor animals are already suffering, as they do not have homes and are only being fed once a day. They also do not have access to the medical care they need.

I would greatly appreciate any assistance you can provide, as I am doing my best to help them with the limited resources I have.

Thank you for taking the time to consider my request.

I look forward to hearing from you and sincerely hope that you will be able to assist.

Kind regards,

Cindy Leemans

Good day, Cindy

Thank you for contacting the Cape of Good Hope SPCA. We acknowledge receipt of your email.

Kindly note that your correspondence has been forwarded to the relevant person for a response.

Should you have any other queries, please feel free to contact us at 021 700 4158/59, and we will gladly advise and assist where we can.

Kind regards,
Peace

Subject: Sterilization on abandoned cats.

Good day.

I would like to inquire about sterilization for abandoned cats in Atlantis.

I am feeding 7 stray cats in Atlantis but needs help for them to get sterilized,

I unfortunately do not have a vehicle to bring them in for sterilization nor would I have the funds to pay for them as I am unemployed and we only live on my husband's salary.

Is there in any way a possibility that you can come out to sterilize them so that they do not multiply. These cats have been dumped by previous owners at the complex as I understood. I am willing to keep feeding them but they need to be sterilized.

The address for the cats is 88 Starling road, Robinvale, Atlantis.

I live at 77 Swift street, Robinvale, Atlantis.

I have tried several places for help and hope that you guys would be able to help me with these animals.

PS. This is a matter of urgency because it is mating season.

I thank you in advance for your help and feedback on this matter.
