General Report Comments: Upon arrival the horse was in the yard but as soon as we approached it moved away. The horse has a wound on its hind leg that is untreated and that resulted to the hoof overgrowing and not getting trimmed. the owner is willing to surrender the horse to be put down but we cant get near it. the SAPS couldnt help us due to the Municipality on strike and the unavailability of transportation to remove it after. I then contacted the Midlands Pound to help but they couldnt assist us the same day.
