REPORT FINDINGS / COMMENTS:	
PERIMETER AND SECURITY • Boundary Fencing: The property is fully enclosed with 8-foot precast walling, providing excellent security and containment. • Internal Fencing: The front and back yards are effectively separated by internal fencing, allowing for controlled movement of animals. • Gate/Fence Suitability: All fencing is in good condition and deemed suitable for the breed. There are no gaps or areas where a Basset could escape or become stuck. LIVING CONDITIONS & SHELTER • Shelter: Suitable and adequate shelter is available, providing protection from the elements. • Environment: The property features a lovely, well-maintained garden. The environment is clean, spacious, and conducive to a dog's well-being. • Hazards: No physical hazards (poisonous plants, open pits, or debris) were noted during the inspection. • Restraint: There are no signs of chains or runners. The animals have free movement within their designated areas. CURRENT ANIMALS & OCCUPANCY • Existing Pets: There are currently three (3) animals on the property: o 1 x Basset Hound o 2 x Cats • Compatibility Note: The presence of another Basset suggests the applicant is familiar with the breed's specific needs and temperament. • Occupancy: The applicant resides full-time at the premises, ensuring consistent supervision and care. FINDINGS & RECOMMENDATION The property is a lovely home that meets all necessary welfare requirements for the placement of a Basset Hound. The high perimeter walls and separated yard areas offer a safe and structured environment.
