Comments:	Went out to no.14 were i met Mr bafana and he told me that he feeds stray cats as he has a lot of trees in the yard and cats helping if there could be something dangerous, that's why he always feeds them. Went to no.7 were the cat was found owner mr Muzi said when he found the cat he posted it in the whatsapp group so that the owner can come help his/her cat as he said he was afraid to touch it or maybe something would happen and he was late for work so he posted it and rushes off to work . No5 the were saying that they don't have animals in the yard and they only see a black cat always passing even on cameras but don't know anything about the cat that was injured.no12 mr Nel said he always see stray cats but black ones only so he knows of his neighbor who is always feeding stray cats and said when he asked him owner told him that cats are helping him a lot, but he doesn't know anying about the injured cat.no16 saw dogs only good condition no one was home same as no.3 . At no 9 they said they even don't know anything about the cat.
